DESIGNED FOR THE EVERYDAY AUSSIE.

Like wearing boots for comfort? If safety features aren't a necessity, the 961 is an agile alternative to the heavier safety boots. As a non-safety boot, you still get the same coverage, shape, and material to withstand the elements. Thanks to its YKK zipper, AirZone® Comfort System, and anatomical arch support, this is a boot you will want to live in. The 961 is suited for agriculture, farming, and everyday use.
